

# FRIENDLY PARK

## MARCH 2020 UPDATES

Friendly Park Members,

I hope you are all safe and healthy. While keeping our eyes on the current and evolving situation, the board is planning and working towards an exciting 2020 season! The baby pool renovation project is underway and on track to be ready on our traditional Memorial Day Weekend opening. We will also have a new sign to welcome our members! (Photos to the right: new sign, and baby pool demo in late February)

The 2020 member invoices have the same terms and due dates as normal. We understand that the current state of things may present atypical challenges, so we wanted to remind everyone of our payment plans and convenient monthly draft options available to all our members.

The pool board will be discussing ways that we can be flexible regarding payments, and we will strive to make reasonable accommodations. Please stay tuned for further information. **In the meantime, feel free to reach out to [friendlypark2020@gmail.com](mailto:friendlypark2020@gmail.com) with questions.** We care about our wonderful Friendly families and want to work together with you to move forward into a fun-filled 2020 season.

Thank you for your continued support of our outstanding community. I'm confident an excellent summer awaits us just around the corner!

Sincerely,  
 Cole Sadler  
 President, Friendly Park Board of Directors

The spring tennis session has been postponed. We will circulate updated specifics as we get closer to the rescheduled session, but here are the initial details:  
<https://mailchi.mp/7416cc11cd2d/spring-tennis-at-friendly-park>  
 Thank you for supporting our tennis programs!

FST families: Warmups are canceled until further notice. As you are aware, in the past few days there have been a lot of changes related to the COVID-19 pandemic response. This includes the GAC's decision to close indefinitely.  
 We will update you once we know more. Be safe. We'll see each other soon. Go Frogs!

The Easter Egg Hunt has been canceled until further notice. We are following the CDC's recommendation of no large gatherings. We are disappointed and will miss our fun annual gathering, however Friendly wants to prioritize the health of our community, and we appreciate your understanding.
